A summary of the
Technical tour of
Agriculture and Greenhouses
Related Companies
In the France and Spain

(May 2017)

Les Paysans de Rougeline

Visit Report of Agriculture and Greenhouses Related Companies In France and Spain:

In accordance with the scopes of Pezhvac Company on technology transferring, and to make state and private managers, farmers and greenhouse owners, familiar with the most updated technological outcomes, we arranged visits to pioneer companies of agricultural industries and greenhouses in France and Spain. Started from May 1st and terminated in May 8th. 20 state and private managers, farmers and greenhouse owners had technical visits and participated in presentations of Rougeline, Rijk Zwaan, Sakata, Saint Charles International, Bio Grow, Soljardi and Vivers Gasso companies, working on agricultural and greenhouses products, breeding and seeds production, substrates, international transport, nursery, horticulture, etc.. The cities hosting the visits were almost near Marseille, Montpellier and Perpignan in France and Barcelona in Spain.

Technology Units Incubator, Shahid Beheshti University, Daneshjoo St., Velenjak, Tehran, IRAN.
